focus on all aspects of Civil Engineering

12 issues/year
3500 copies/issue

The journal GRADEVINAR is a monthly publication that has been regularly appearing **12 times a year** without interruption for three decades now. As the journal is published each month, the publication process of reviewed and accepted papers is relatively fast. The Journal uses the **double blind review** process for evaluation of papers. All papers are printed in Croatian language, but the online edition of the journal features full versions of all papers in English language as well.

The journal GRADEVINAR encourages submission of good papers, not only to help disseminate technical information useful in the field of civil engineering, but also to provide authors with the opportunity to have their paper reviewed by peers and, when published, receive proper recognition for their efforts. The scientific/professional papers are grouped into four categories, depending on their contribution to the advancement of research or professional work.

According to its circulation (3,500 copies), GRADEVINAR is the biggest scientific/professional journal in the field of technical engineering in Croatia and wider region, and is **Indexed in Science Citation Index Expanded**.
